Computershare Virtual Meeting Services
Technical Requirements

Equipment & Connections

1. All customers should add the following domains to their Allowed List:

    > URLs / sites Web:
    > https://meetnow.global/
    > https://apps.computershare.com/
    > https://edge.media-server.com/mmc/console/client/
    > Emails:
    > @computershare.com
    > @media-server.com

2. Supported browsers include the Chrome, MS Edge, Firefox and Safari.

Q&A Moderators

1. You will receive an email invitation from Computershare to use virtual meeting dashboard. The email is generated from the address **noreply@computershare.com** with the **Subject "Computershare Virtual Meeting Services Invitation"**

    Sample email from Computershare

2. Click on the link in the email to access the platform.

    The link is your personal view. If others from your company will need access to the platform, please let your Virtual Meeting Coordinator know and they can grant them access.

3. Keep the email to use during preparation sessions as well as the live meeting.
